SUPPLEMENTARY REGULATIONS

Round 2 Pipe King AMSAG Southern Cross Rally Series

MESSAGE FROM THE EVENT DIRECTOR.

The 2017 Rosewood Rally marks the return of rallies to the Carabost State forest after some 20-year absence. Many of the roads in this event were used in the early 1990's Ray White NSW State Rounds. NSW Forestry Corporation has been very supportive of the planning and approval of the event.

There are 6 stages of some 65 competitive kilometres, that will be run in the morning then in reverse direction in the afternoon – with a total of 130kms competitive. The roads are generally in very good condition, with a real mix of fast stages, and some tight stages with lots of calls that will test the navigator.

The Rosewood Golf Club is the hub of this small community and has embraced the Rally and is providing an excellent location, catering (and drinks) from Friday evening through to Saturday evening. The event will conclude about 5pm, and the Golf Club is putting on meals, and Fireworks Display in the evening. The Bar will also be open. I urge everyone to stay the night and enjoy the post event presentation and fireworks.

There is no fuel available at Rosewood. There is a small general store that is generally open 7am to 7pm.

We look forward to a strong field to support the Pipe King Southern Cross Series into the future and assist rally development and participation in this region.

Wade Ryan.

26 OH&S ADVICE FOR ENTRANTS AND SERVICE CREWS

AMSAG wish to remind you that WorkCover NSW legislation deems a Rally Service Park to be a NSW Workplace. Therefore, all of the workplace and OH&S practices that we observe everyday in our regular working environment, must also be observed and practiced at all times within the Service Park. All personnel are asked to assess the risks associated with any practice that they are involved with, and take action to minimise the potential injury to themselves and any other personnel.

As the Entrant, you have a Duty of Care for the health and safety of those people who might be affected by the activities of your team whilst at the rally. These people may include the members of your competing crew, service crew, spectators and the general public. You may be held liable for the damage to property or injury to personnel should suitable assessment and risk minimisation practices not be followed.

Some examples of risks might be:

- The use of electrical power. High voltage cords and appliances should have a current safety inspection tag, and be used with a tagged safety switch.
- When using jacks or jack stands, use equipment that is suitable for the job, and ensure that the vehicle is at all times properly secured. Getting underneath a vehicle that is only supported by a jack is serious risk, and should never be attempted.
- Re-fuelling may be conducted within your own work environment, however, a suitable and approved fire extinguisher should be nearby while refuelling. It is recommended that this extinguisher be manned during the re-fuelling operation. A notice of the danger of the refuelling activity – from mobile phones, heat, cigarettes and other ignition sources – should be erected to warn all personnel not involved with the activity to stay well away.
- To minimise the risk of damage to the environment, a liquid proof ground cover must be beneath the car during all servicing and re-fuelling operations. Be prepared to mop up any liquid spills immediately to avoid contamination of the ground, and report any such contamination to the attending official or Rally Control without delay.
- Personal Safety Clothing should be worn by all personnel to minimise risk or injury. This may involve clothing with long sleeves, fire proof materials, gloves, ear protection and/or safety goggles/glasses.
- Due to the hazards that can be associated to smoking, including the ignition of flammable liquids and gases within the service park, AMSAG strongly discourage smoking by all persons within the service park during the entire event.
- You should consider the risk in all situations, and ensure that you manage all of your activities at the event and be prepared to demonstrate that you have considered these risks and put the appropriate safety measures in place.

- Trophies will be awarded to:
 - 1st, 2nd & 3rd outright driver and navigator in Classic and Open categories
